Please arrive on time, calm and ready to go with all your stuff. Always come in the STAGE DOOR. Go straight to your dressing room. If we need to find you, that is where we will look. Always go back to your dressing room after using the restroom or eating. Leave other people's stuff alone. Keep quiet and focused on why you are there, which is to have fun putting on a great show. The great show is our focus, fun is what happens when you make the audience happy and make a production you can be proud of. When it is time to go home, leave your area neat and clean. Christine and Lauren are tired at the end of the show too and aren't thrilled about hanging up costumes, picking up bobby pins, or sweeping the floors.
